FEDERICO MARELLI PARTNER

Federico graduated from Bocconi University having studied Economics and Corporate Law. He is a Dottore Commercialista (2006) and a Chartered Accountant (ACA ? 2013). He is also a member of the International Fiscal Association (IFA).

He has extensive experience in both direct and indirect taxation especially in the industrial, engineering, energy and public utilities sectors, and regularly deals with corporate financial structuring, financial services and M&A.

He has had numerous success also in tax litigation cases, restructuring and global tax projects.

Federico has co-authored several publications on Italian tax matters, as well as given keynote speeches in tax seminars and workshops. In his professional practice he often works with academic and institutional representatives and proactively contributed to their best practice policies.
